**Meet at the parking lot adjacent to the Dunkin Donuts at
3 Dover Village Plaza, Dover Plains, NY 12522.**

**Join HVA as we plant trees and shrubs along the Wells Brook

Riparian buffers, vegetated areas along stream corridors, are incredibly beneficial to reducing runoff, controlling erosion, and improving water quality.

Join others as we plant native trees and shrubs that will serve to enhance wildlife habitat and improve the health of our watershed. Volunteers should bring work gloves and water, sunscreen, etc. Open to all ages.
